American Safety Paper
Manufacturing Company of N. Y.
Capital $500,000.
A. Nicholas, President. Office, 70 Wall-st.
A Perfect Security against all manner of Fraud on Counterfeiting on Paper—To Prevent Photographs and Antiseptic Counterfeits, Erasures, Alterations or Alterations.
HAVING purchased the Patent, for the exclusive right to manufacture and sell the Chemical Paper, in America, invented, and patented in England by Henry Clifton, a celebrated chemist and officer in the British army, it is hardly necessary to say that the Paper is recommended by Mr. Kent, Assayer of the U.S. Mint; Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 233 Broadway, N. Y. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:
Bank Checks—12 cts. per lb.
Bank Bill Paper—$1 50 per 1000 sheets.
Bills of Exchange—$2 50 for 1000 sheets.
Promissory Notes—10 cts. per lb.—or $1 per 1000.
Sight and Time Drafts—$2 50 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—42 cts. per lb.
Wills and Deeds—40 cts. per lb.
For wrapping Silks and other fine articles it is excellent, as it prevents moths. 40 cts. a lb.
For Indentures and Agreements, 40 cts a lb.
All State and County Records, should always be printed or written on this paper, as the chemical inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time.
For Southern climates it is excellent, and much superior to any other, as the moisture of the climate does not destroy it—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept over 20 years, written on the ordinary paper, which is decayed and other chemicals destroyed by paper mockers. Indestructible, by the ravages of time, or that is also proof against moths, rats and other vermin, which feast on and destroy all other paper now in use.
The Company have now in operation Mills in Morris County, N. J., of about 300 horse power and are able to fill all orders for Paper at the shortest notice.
All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall street, New York.

Alpine Hair Balm,
—FOR—
Restoring Gray Hair to its Original Color
WARRANTED to cure Baldness, Scurf, Dandruff, Itching, and all diseases of the skin. This Balm gives the scalp a new and healthy color, restores the coloring matter to the roots of the Hair, which passes through the Hair Glands in natural color without the use of Hair Dye.
Hundreds of preparations have been introduced, pretending to prevent the Hair and keep it from falling off, composed of Oils, Alcohol, and other deleterious materials, and all of these Hair Dyes have been introduced that for the time they Hair a natural color, besides being troublesome to use. This Balm is not a Dye. Knowing that a preparation was needed to do what was required for the Hair, the proprietor was induced to experiment until he could obtain an article that would be the exact remedy, and after study years tried has perfected this Balm. It is soothing and emollient, allays all irritation of the scalp, thereby stopping the Hair from coming out. It cures Dandruff, and Scurf, and when the hair has turned gray it will bring it back to its original color, be it black, Brown or Auburn. It makes the hair soft and glossy, prevents it from falling off, will cause hair to grow upon bald pates in two or three months—Life will be given to the roots of the Hair, and growth will soon appear. Throw the dye pot away, and take place at the end of the Hair, as will be seen in persons who have had their hair dyed. If you examine gray hair, that has been colored for six weeks, you will find towards the roots, that the hair has come out gray, hence it is necessary to have the dye at the roots of the Hair, in order that the whole hair may be a natural color. Each hair has a pore in the skin, and is of the following, tiny tube, through which there is a constant circulation of the nutriment from the roots. When this pigment is colorless matter dies out, it leaves the Hair hollow, and it becomes gray. To prevent Alpine that would produce this pigment has become the study of the proprietors. The discovery of the Alpine Hair Balm will do it. It will bring the hair to its natural color by making only the coloring matter in the roots of the hair.
It is a mistaken notion that Bear's Oil or Grease will restore the hair, as nothing can be more injurious. The Alpine Hair Balm will restore the skin and save the hair of those who have been dealt with over or any other license.

LINCOLN'S
WATER PROOF BLACKING,
AND LEATHER PRESERVATIVE.
Keep your Feet dry and you will seldom need a Physician.
IS not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet, and is soon becomes hard, stiff, and cracks, but when it is water-proof, this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.
After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting, on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the animal properties with which leather is endowed. It will not only make leather water-proof, but it likewise softens the texture, and adds to its durability.
Positively wear twice as long.
I have now used it for three years, and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

Capture of Piratical Vessel.—The U. S. revenue cutter Morris, Capt. Hamilton, arrived at Boston on Thursday, having in charge the piratical schooner Wanderer, which was captured on the coast of Florida, by the Morris, on the 19th inst. The Wanderer was formerly a pilot boat, and was built in Baltimore. She is a fine vessel, and is now owned by Mr. Wm. Corse, of Charleston, S. C. She was fitted out as a slaver, and was bound to the coast of Africa. She was captured in the act of receiving a cargo of slaves, and had on board 350 when taken. Capt. Hamilton, of the Morris, has received the thanks of the Secretary of the Navy for the capture.

Mr. Hall was a member of the Bangor Fire Department, and was present at the fire on Wednesday morning, and assisted in carrying the engine to the river. He returned home, and was sitting in a chair, when he suddenly fell forward, and expired.

Damage by the Late Storm.

HOUSE'S POINT, N. Y., Oct. 29.

A heavy rain storm, which commenced on Sunday and continued until to-day, has caused an immense amount of damage between here and Malone, on the line of the Ogdensburg Railroad. The track was swept away in several places, and no trains have passed since Monday.

Several dams were broken, and mills, dwellings and bridges carried off. The damage in Champlain village alone is over $50,000.

From Havana---Bold Movements of the Slave Traders.

HAVANA, Oct. 24.

On the 14th, the Spanish wa. steamer Neptune towed into this port another slaver, with 400 negroes on board. The officers and crew were permitted to desert the vessel after her safe and quiet arrival here.

The case of the Gen. Pact and Capt. Palmer who were found on board of her, has not yet been determined.

The health of Havana is perfect.

Our financial condition is now satisfactory, and our latest advices from the United States, and four banking houses should renew discounts, as is proposed, next week, our trials will be partially over.

Messrs. Baldwin & Co., bankers, in this city, have failed, with liabilities of $200,000; Messrs Peters & Co. have also failed.

The last American clipper, Pierre Soule, arrived in this city a few days since with a full cargo of negroes, and disembarked them very near the Punta castle. Another ship brought 600 slaves and landed them at Puntas de Cayabo, a few miles from the Morro castle. Both these ships, several others have arrived at Cardenas, all with negroes. As soon as the English Consul heard of the arrival of the first he went to see Gen. Concha, and requested him to prosecute all the traders, which he immediately did; but the Consul was not pleased with this. Knowing who the consignees were, he tried to oblige the Captain General to put them in prison. Gen. Concha did not feel inclined to proceed to such lengths, and the consequence was that, after a short correspondence, the English Consul hauled down his colors and left this city for London by the first steamer from Cadiz.

Orders were received to quarter all the soldiers that form the garrison of the island, and merely to go to Mexico at a moment's warning.

The Anticipated Election Riots in Baltimore.

BALTIMORE, 29th.

Gov. Lowe's proclamation has produced considerable sensation, and some excitement. The correspondence between the Governor and the Mayor has been published. The latter objects to any interference by the Governor in the government of the city.

In the conclusion of his letter, the Mayor says: "While I am thus frank in foreshadowing my plans for the preservation of the public peace, and the protection of the voters, I am free to say, at the same time, that in declining to recognize the just administration of affairs for this city, it will be my duty to use my best endeavors to see that every citizen is protected in his constitutional rights and that the peace of the city is preserved by the means at my disposal. However, it should be attempted to introduce a power above that of the regularly constituted authorities, or if power should be assumed in the anticipation of a state of things which may occur to bring the military in connection with the people on the day of election, without an official requisition from the local authorities, I can only express the sincere belief that such a policy might seriously endanger the peace of the city, and lead to consequences which it should be the duty of all good citizens to endeavor if possible to avert."

PROVIDENCE, Oct. 29.

A fire broke out in Edwards' India rubber works exploded this morning and the five buildings constituting the works were destroyed. 225 people were at work in the establishment; many of the girls jumped out of the windows, and some of them were injured, but none very seriously. The boiler was thrown 500 feet, and in its course carried away the chimney of a house where the family were at breakfast.

Two of the workmen were severely injured, but it is hoped not fatally. Loss $50,000—insured in New York. Cause of explosion, lack of water in the boiler.

A Quarter Centenary. The fiftieth anniversary of the marriage of Hon. Reuel Williams, of Augusta, occurs on the 19th of November, the day of our annual Thanksgiving, and the golden wedding will then be celebrated, it is said, in an appropriate manner. Gov. We learn the fact of the anniversary from the Portland Argus.

Earthquake in Buffalo.

The entire city was startled and alarmed yesterday afternoon, about ten minutes past three, by a shock which agitated the most solid buildings, and set household utensils and furniture dancing in the most unaccountable manner. So severe was the shock, which lasted about 30 seconds, that people ran out of the houses in wild dismay. In many instances walls were cracked and chimneys thrown down and we have heard of one gentleman having his arm injured by a falling brick. Bells were rung and a variety of other strange accidents occurred. In the neighborhood of our office the impression prevailed that our steam-boiler had exploded, but that is more stable than the foundations of the town appear to be. We were in the midst of a sentence, when the low deep rumbling of subterranean thunders startled us and shook the building as with a palsy. Printers dropped their "sticks," and "cut stick," evidently under the impression that things generally had been knocked into cpl!"

GRINDLE'S

ANCIENT AND CELEBRATED

JAPANESE LIFE PILLS.

NATURE'S OWN REMEDY.

A positive Cure for Liver Complaint and Bilious Disorders, Dyspepsia, Rheumatism, Scrofula, Cutaneous Diseases, Fever and Ague, Costiveness, Dysentery and Diarrhœa, Worms, Suppression of the Menses, Nervous Debility, &c.

FOR a long time we have been compelled to witness with painful emotion, the many adulterated and vile, destroying drugs made into pills and liquid medicines, and patients using them without knowing their injurious effects upon their system. This *monstrous evil* may now be entirely escaped by using only these ANCIENT JAPANESE LIFE PILLS and our MAGIC COMPOUND. For many years we have studied hard to find a remedy which, while it purged, would *throw out disease* and not *mere secretions alone*; would *strengthen and invigorate*, and not *deplete and weaken the system*.

We now unhesitatingly say that this so much sought for remedy—a cathartic of mild and pleasant operation, actually throwing out *disease* and not *mere secretions*, thoroughly purifying the blood, and *at the same time* strengthening the system—has been found. The pills not only relieve but *positively cure* every disease for which they are recommended. These Pills have stood the test of the ingenious Japanese Faculty for centuries, and the same kind of ingredients that composed the pills of that ancient time are combined in the present day.

No medicine except our MAGIC COMPOUND ever met with such unbounded success in so short a time, and the thousands of letters pouring in for them from all parts of the country is wonderful and astonishing. The number of these PILLS being used by females alone for their various complaints, constitutes in itself an immense trade. They are not to be *female pills* so much puffed into public notice, whilst, instead of curing, produce cruel and dangerous complaints, but are for male or female, old or young, and cure by acting directly on diseases.

The PILLS are sent by mail, from the Proprietor only, on receipt of the price. The postage in the United States, not over 3000 miles, is fifteen cents on five boxes, which must be inclosed in money or stamps. We are responsible for all moneys sent us by mail.

J. S. INGRAHAM and D. F. BRADBURY & CO., agents for Bangor.

For sale by responsible druggists and dealers in medicine throughout the United States, Canadas, Mexico, South America, &c., at .25 cts a box, or five boxes for $1.

THE LUXURY AND PROFIT OF

HONEY MAKING.

Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Patent, and to sell rights to towns and individuals.

This Bee Hive, thus improved, is admitted by persons acquainted with the honey-making business to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and food of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the health and comfort of the workers.

The boxes used in this Hive for storing honey are the best adapted in their size, for the market, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

ANTAGONISTIC

To Prejudice and Empiricism!

OLD DR. CULVERWELL'S

Member of the Royal College of Surgeons (1827,) Licentiate of the Hall (1824,) and 25 years in Medical Reference,

Radical Regenerator,

FOR SEMINAL WEAKNESS,

In all its forms, as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Virility, Impotency, and all diseases arising from early indiscretion.

This excellent Remedy, discovered by the world renowned DR. CULVERWELL, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues. Its salutary effect is almost instantly felt, and it will, doubtless at once supersede all other means resorted to, medical, surgical or otherwise, to arrest and to cure this awful disease. A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars, which up to this date could not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public could not be risked, were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by one person would, through recommendation, result in an eventual sale to many.

DR. CULVERWELL'S admirable and entirely novel plan of treating these diseases, is, in the interest of humanity, recommended to physicians throughout the land; to whom every facility will be afforded for testing its wonderful efficacy in their private practice.

Full and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR-REMEDY, so as to enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded *by mail*, free of postage, to any part of the country. Address, Messrs. HILDOMAN & CO., Druggists and Apothecaries, 165 Grand-St., New York, Sole Agents for the United States and Canada. Nov. 19. d&wly.

CANKER BALSAM!

To be Valued needs but to be Known.

It is its own BEST RECOMMENDATION.

But a short time since we were talking with an agent who had formerly sold but little, but had now sold all out. He informed me that it had cured his

WIFE'S SORE BREAST,

After which others had tried it and

EVERYBODY LIKED IT.

A Carpenter in Camden, Maine, afflicted with CANKER IN THE MOUTH, tried various remedies, had recourse to physicians, but obtained no relief.

His mouth was one complete CANKER SORE! The gums swollen and affected TO THE POINT OF SUPPERATION, and CLEAVING OFF FROM THE TEETH.

A perfect cure was effected by ONE BOTTLE of

SUGAR COATED PILLS

Prepared and put up by the

New York College of Health.

The most celebrated Medicine in the World, *Recommended by the principal Physicians in all our Cities, and by all who become acquainted with their merits throughout the world.*

There are living witnesses, in almost every town, village and hamlet throughout the country, who unhesitatingly say, DR. SMITH'S SUGAR COATED PILLS have saved my life.

Most of the Hospitals in New York have given these Pills a preference over more than twenty other kinds that have been tested, and many eminent Physicians in the United States use them in their practice.

Dr. C. M. STURTEVANT, of Lowville, N. Y., a practical physician, says: "I consider the Sugar Coated Improved Indian Vegetable Pills, as an excellent medicine, and use them in my practice."

Dr. McVICAR, of Boonville, Oneida Co., N. Y., says: "Say to your Agents, I consider them an excellent Pill, and use them in my practice."

If the Blood becomes impure, it is traced to stoppage of the natural drains of the system, via: of the bowels—the lungs—kidneys, and skin.—The blood and intestines must relieve themselves of all the worn out particles and poisonous humors, which must go through the channels that nature has designed.

Dr. Smith's Sugar Coated Pills

Possess this quality to the Fullest Extent.

Dr. Wesley Grindle's

CELEBRATED

MAGIC COMPOUND,

—THE GREAT—

Remedy for Pulmonary Consumption.

Also an effectual cure for Scrofula, Dyspepsia, Obstinate Cutaneous Eruptions, Chronic Rheumatism, Bilious Disorders, General Debility, and all diseases depending on an impure state of the blood.

THIS WONDERFUL REMEDY has done more to alleviate human suffering than all other means put together. It has the greatest sale of any medicine in the world for *Pulmonary Complaints*, from Maine to the most retired dwellings of Oregon, or wherever Consumption is known, it is its way carrying health and joy into thousands of families. The most eminent physicians have been forced to acknowledge that it *does* cure consumption, and they now use it in their practice as a standard and sure remedy.

There is no remedy equal to it in building up a system, that under the influence of various diseases, hardships, or exposures, has run down or lost its natural tone and vigor. Its great secret is in its power to reach the blood, correct the vitiated fluids, and arrest the deposit of tuberclein the lungs; and it is as *safe* as it is *certain* in its action.

Some poor sufferer, full of anxiety and doubt in regard to what we say, may ask: Can your medicine restore a portion of lung that disease has entirely destroyed, leaving a cavity? We answer, certainly not, neither is this necessary in order to effect a perfect cure. If the treatment be commenced in season, but little or no portion of the lung is lost. It is necessary only to *arrest* the disease, and when this is done, the concrete substance deposited in the tissues of the lung, technically known as tubercle, becomes absorbed, leaving perhaps, a little calcareous substance which is quite harmless, and the patient finds himself in possession of whole lungs and sound health. But suppose the disease is not arrested at this early stage. The softened tubercle produces irritation; the irritation brings on inflammation of that part of the lung; the inflammation leads to ulceration, and the destruction of a portion of the tissue is the result; a cavity is formed which enlarges and does its work of death unless the deposit of tubercle is arrested. Now, does your remedy effect a cure? *Most assuredly it does.* As soon as the disease is arrested, the hurtful matter is absorbed or expectorated, and nature either furnishes the cavity with a lining membrane, or, what is more common, where it is of large size, its walls fall together and heal up, leaving a scar, and the remaining portion of the respiratory apparatus, true to a law running through the whole physical economy becomes somewhat enlarged, takes on increased action, and suitably compensates for that which has been lost.

Price.—One box $3,00; three boxes, ordered at one time, $8,00; half dozen, $14,00; one dozen, or any number greater, at the rate of $2,00 a box.

The postage in the United States not over 3000 miles, is fifteen cents a box; over 3000 miles, fifty cents a box. In all cases the amount should be inclosed in money or stamps. I am responsible for all money sent me by mail.

TABLE FISH.—English and Shore Fish, very nice,—at THO'S J. STEWART'S.

American and Foreign Patents.

R. H. EDDY,

Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington, under Act of 1837,)

76 State Street, opposite Kilby-st.,

BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same.—Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of Patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office as Solicitor for procuring patents.—There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

"[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

TREMONT MILLS.

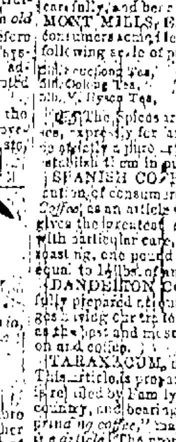
Teas, Coffees, Chocolates, Cocoas, Spices, &c.

WHOLESALE—AND ALSO IN SMALL PACKAGES

E. E. DYER & CO.,

(Sign of the Chinaman grinding Coffee,)

No. 18 Broad, near State Street,............Boston.



Supply the best, finest and purest articles at the *lowest cash prices.* Their Stock consists of

Teas, Coffees, Chocolates, All spice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Clover, Cream Tartar, Taraxacum or Prepared Dandelion Root, &c.

Having every facility for manufacturing, and preparing the several articles named, the public may rely on having the *pure* and *genuine*, as they are put up carefully, and bear our name and label, "TREMONT MILLS, E. E. DYER & CO." To give consumers an idea of our rates, we annex the following scale of prices, viz:

Fine Oolong Tea,	1,75	5lb. Mocha Coffee,	1,10
5lb. Oolong Tea,	2,00	5lb. Java Coffee,	1,00
5lb. Y. Hyson Tea,	2,50	5lb. good Coffee,	1,00

The Spices are put up in ¼ and ½ lb. tin canisters, expressly for family use, and are warranted to be strictly pure—articles of which we need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee*, as an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care, and by a peculiar process in roasting, one pound of this coffee, it is believed, is equal to 1½ lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills, and put up in packages, bearing our trade mark, and is believed upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root.* This article is prepared and ground at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee,*" may be relied upon as the genuine article. The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

Be careful to observe that all our Taraxacum has our trade mark—"Chinaman Grinding Coffee"—as there are many imitations of our article called Taraxacum in the market.

To Grocers and Dealers a liberal discount is made, enabling the m to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be offered by those who do business on the credit system; and we confidently invite an examination of the *quality* of our stock, and our prices, as compared with those of any other house.

A MEDICINE THAT NEVER DEBILITATES

DR. SANFORD'S

INVIGORATOR, OR LIVER REMEDY

HAS ALL THE GOOD QUALITIES OF A Purgative Medicine, answering the purposes of any cathartic without the debilitating effects experienced from most purgatives. It acts slowly and gently, but surely, moving the bowels to carry off all the secreted matter, at the same time stimulating the *Liver* to a proper performance of its functions.

The Invigorator cures Sick Headache; Take one or two teaspoonful at the first attack, and it will soon disappear. For an overloaded stomach, or which does not sour, take the Invigorator as ordered. [illegible] For Heartburn, Palpitation, or Difficult breathing, take a teaspoonful once or twice daily. For Loss of Appetite, Languor, Sallowness, the medicine is invaluable. It will restore the appetite and make the food digest well. A teaspoonful taken will soon relieve [illegible]. After eating a hearty meal, take a dose of the Invigorator, and it will relieve, [illegible] The Invigorator is a Liver Remedy, [illegible] Dyspepsia, Jaundice, Bilious Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public prepared with such skill, by a scientific physician, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a popularity second to no other article in the world, simply because it rests on its own merit. To convince all by trial that it is proper to state, that it is [illegible] are suffering from any such diseases as are described in Dr. Sanford's advertisement, that a trial of the remedy that will assuredly cure them is the Invigorator.

There has lately been brought before the public a medicine that seemed to possess wonderful curative and healing properties in Diseases of the Liver, brought under [illegible] live organs. It came to us with so many testimonials in its favor, that we have noted its effects in some of the worst cases of continual debility, caused by derangements, and in every instance the effect was to relieve and give a permanent cure. Dr. Sanford's Liver Invigorator is what we refer to. We always have been cautious about cures by patent medicines, but we are convinced of this medicine for family use, and are convinced by the tested recommendations that it [illegible] whether afflicted with Indigestion, Debility or Bowel Complaints, to get a bottle and try it, and we will vouch for its relief. [illegible]

Blessings to the invalids who use Dr. Sanford's Invigorator, for it will relieve them of their ailments as soon as it is taken into their stomach. Pain and misery are then lost where the Invigorator is used, for it will purely drive them away as daylight will banish darkness—of this there can be no doubt to those who try it, for a certain conviction with every dose taken. Another evidence is the thousands of certificates from those who testify, or have been cured by it. Try one bottle—if it does not benefit, then we are mistaken.
